Selected Bedspread Stock Models

This selection presents existing woven bedspread models currently listed in Nesis stock records. The programme is intended for professional buyers looking for existing designs rather than a new custom development from zero.

All models shown here are 200 x 250 cm and approximately 1,250 g per piece.
Compositions vary by model. Final colour availability, quantity, packaging and delivery terms are confirmed before quotation.

HOW TO BUY FROM THIS SELECTION

1. Choose the model(s) you want to review.
2. Share required quantity, destination country and preferred branding/packing.
3. Nesis confirms live stock, commercial terms and delivery options.

Stock availability changes.

Quantities are intentionally not fixed in this public selection.

Live availability is reconfirmed when you request a quotation.
